

# BEGINNERS GUIDE TO PHOTOGRAPHY

## EQUIPMENT RECOMMENDATIONS

### Beginner Camera Body:

Save yourself some money and buy the camera body by itself (no need for kit lenses)

Also you can save money by buying equipment used until you are ready to upgrade

- Canon Rebel T6: Retails for about \$350
- Canon Rebel T6i: Retails for about \$650
- Canon 7D: Retails for about \$500

### Beginner Lens

- Canon 50mm 1.8: Retails for \$100 - \$150
- Canon 75 - 300mm zoom lens: Retails for about \$125

### Beginner Light Modifiers

- Go to local fabric store and buy a couple yards of sheer white fabric (\$10)
- Buy a couple sheets of white poster board (\$3)
- 5-in-1 Reflector: Retails for about \$25 - \$50

### Beginner Editing Software

- Lightroom
- Photoshop

Sign up for Creative cloud for only \$10/month to get BOTH of these programs - OR - just start with Lightroom
